

January 21, 2021

Dear Customer:

At REXtac, LLC, we focus on providing quality products, services and solutions to support your success. To enable both of our businesses to differentiate ourselves in the market, we strive to collaborate and innovate with you.

Due to the escalation of polymer grade propylene, the primary raw material for our APAO products, we are increasing prices \$0.10/lb. for orders shipped on or after February 15, 2021.

We do not take this action lightly but find it necessary given the significant cost increase of polymer grade propylene which is projected to double in coming months from June 2020 levels.

As always, thank you for your business. If you have any questions on this or any related matter please contact me or your account manager.

Regards,

Bill Turner
